Kuterra Salmon

Seacore is proud to introduce Kuterra Salmon - Canada's First Land Raised Salmon that has received an Ocean Wise Recommendation. This high quality and great tasting land raised salmon will be an exclusive to Seacore in Ontario. The fish are 8-10 LBS in size which makes a nice 3LB plus fillet. The Kuterra sustainable aquaculture system minimizes stress on the salmon and doesn't use any hormones, antibiotics or pesticides resulting in a very clean tasting salmon. The Kuterra Salmon is raised in beautiful British Columbia conditions that produce a superior tasting, firm fleshed fish resulting in a premium quality. If you would like to try out Kuterra Salmon or are an Ocean Wise partner and would like to feature Atlantic Salmon on your menu or in your counter, contact us today!
